

VIRTUAL ANNUAL MEETING

The Annual Meeting will be held in a virtual-only meeting format, via live video webcast that will provide stockholders with the ability to participate in the Annual Meeting, vote their shares and ask questions. We are implementing a virtual-only meeting format in order to leverage technology to enhance stockholder access to the Annual Meeting by enabling attendance and participation from any location around the world. We believe that the virtual-only meeting format will give stockholders the opportunity to exercise the same (or more) rights as if they had attended an in-person meeting and believe that these measures will enhance stockholder access and encourage participation and communication with our Board of Directors and management.

BENEFITS OF A VIRTUAL ANNUAL MEETING

We believe a virtual-only meeting format facilitates stockholder attendance and participation by enabling all stockholders to participate fully and equally, and without cost, using an Internet-connected device from any location around the world. In addition, the virtual-only meeting format increases our ability to engage with all stockholders, regardless of size, resources or physical location.

Stockholders of record and beneficial owners as of the close of business on the record date, will have the ability to attend and participate in the meeting, submit questions and vote at the Annual Meeting via the virtual-only meeting platform.

ATTENDANCE AT THE VIRTUAL ANNUAL MEETING

Only stockholders of record and beneficial owners of shares of our common stock as of the close of business on the record date, may attend and participate in the Annual Meeting, which includes voting and asking questions during the virtual Annual Meeting.

In order to attend the Annual Meeting, you must register in advance until the expiration date/time which is posted in the proxy materials, and on the registration and meeting access portal. Upon completing your registration, you will receive further instructions via email, including a unique link that will allow you access to the Annual Meeting and to vote and submit questions during the Annual Meeting, as well as view the stockholder listing as required by state law.

As part of the registration process, you must enter the control number located on your proxy card, voting instruction form, or Notice of Internet Availability. If you are a beneficial owner of shares registered in the name of a broker, bank or other nominee, you will also need to provide the registered name on your account and the name of your broker, bank or other nominee as part of the registration process. All stockholders have equal access as well as equal abilities to participate, regardless of the amount of shares you own.

On the day of the Annual Meeting, stockholders may begin to log in to the virtual-only Annual Meeting 15 minutes prior to the Annual Meeting.

We will have technicians ready to assist you with any technical difficulties you may have accessing the Annual Meeting. If you encounter any difficulties accessing the virtual-only Annual

Meeting platform, including any difficulties voting or submitting questions, you may call the technical support number that will be posted in your instructional email as well as in the meeting access portal.

QUESTIONS AT THE VIRTUAL ANNUAL MEETING

Our virtual Annual Meeting will allow stockholders to submit questions before the meeting during the entirety of the registration period, and additionally again in real time and live during the Annual Meeting. During a designated question and answer period at the Annual Meeting, we will respond to appropriate questions submitted by stockholders.

We will answer as many stockholder-submitted questions as time permits, and any questions that we are unable to address during the Annual Meeting will be answered following the meeting, with the exception of any questions that are irrelevant to the purpose of the Annual Meeting or our business or that contain inappropriate or derogatory references which are not in good taste. If we receive substantially similar questions, we will group such questions together and provide a single response to avoid repetition.
